Rapid Transit/Key Bus Routes Map

Legend

- This section contains the MBTA map legend and various service icons. The legend includes color-coded boxes for the Red Line (Red), Silver Line (Light Blue), Mattapan Line (Maroon), Orange Line (Orange), Blue Line (Blue), and Green Line (Green). It also shows symbols for 'SILVER LINE and branches' (SL) with SL1-SL5 options, 'COMMUTER RAIL' (purple square), 'KEY BUS ROUTE' (brown dashed line with '000'), 'FERRY' (blue dotted line), and 'Accessible station' (blue wheelchair icon). Below the legend, it says 'All MBTA and Massport bus and ferry services are accessible'. Other icons include a blue arrow for 'Free Logan Airport shuttle bus', a red circle with a white 'C' for 'Rapid Transit transfer station', a purple circle with a white 'C' for 'Commuter Rail transfer station', and a green Amtrak train icon for 'Amtrak service'. To the right, social media links for @MBTA (@TheMBTA) and @TheMBTA (@MBTAGM) are shown, along with contact information for Customer Communications & Travel Info (617-222-3200, 800-392-6100, TTY 617-222-5146, www.mbta.com) and MBTA Transit Police (911, TTY 617-222-1200). A small note at the bottom left states 'Boylston: Accessible for Silver Line only'.

"Charlie handed in his dime at the Kendall Square Station
and he changed for Jamaica Plain.

When he got there the Conductor told him, 'One more nickel,'
Charlie couldn't get off of that train!"
